### > **PRIMER IDROX**

Water and synthetic resins-based primer, for the preparation of cement or gypsum-based substrates. It has a binding and film-forming ability that determines a high performance in consolidation and isolation.

### > **GRIGOSTOP HD**

Water-based single-component fluid waterproofing coating, ready to use, creates a waterproof film with good flexibility, water resistance and crackbridging resistance.

### **ULTRAX**

> Adhesive with very high performance, workability and yield, for laying of ceramic tiles and mosaics of any type and size, and natural stones, provided they are not sensitive to water. Class C2TE S1

### > **FUGASTYLE EPOX SUPER**

Bi-component anti-mold epoxy sealant, for anti-acid sealing and laying of ceramic coatings and glass mosaics with 2 to 15 mm joints. It can also be used as an adhesive.
